

Fatih Çađrı DOĐAN – Member of the Board

Fatih Çađrı DOĐAN was born in Ankara in 1975 and completed his primary, secondary, and high school education at TED Ankara College. He graduated from the Department of Environmental Engineering at Middle East Technical University (METU) in 1998 and later earned his MBA from California State University, Los Angeles.

He worked for an American engineering and technical consulting firm in California for seven years. During this period, he developed expertise in flood and seismic risk analysis, Geographic Information Systems (GIS) and emergency response planning. In 2008, he returned to Türkiye and joined UCER Consultant Engineering Inc. as a Project Coordinator. He has taken part in numerous projects involving seismic retrofitting, superstructure and infrastructure design and construction supervision, watershed master planning, and energy efficiency renovations in public buildings.

Since 2018, Fatih Çađrı DOĐAN has been serving as the Chairman of the Board at ÜÇER Consulting Engineering Inc. which primarily provides planning, engineering, design and technical consultancy services to public institutions. In addition to being Board Member of the Association of Turkish Consulting Engineers and Architects (ATCEA), he is also Board Member of the Turkic World Union of Engineers and Architects, Member of the Foreign Economic Relations Board (DEİK) – International Technical Consultancy Business Council, and member of the Kolej (TED) Alumni Business People Association. He is married and has a daughter.
