

ORHAN ULUDAĞ

MS Architect, City Planner

After his graduation from TED Ankara College in 1982 he studied architecture at Middle East Technical University, Faculty of Architecture, Department of Architecture. He received his bachelor degree as an architect in 1987. In the same year he started his post graduate education at METU Faculty of Architecture, Department of City and Regional Planning. In September 1990 he received his MS. Degree from the same Department at METU. In 1987 he established Uludağ Architectural Office with Zeynep Uludağ. Since then he has been working with his partner on several architectural design, application and detail projects. He participated in several national and international architectural and urban design project competitions and exhibitions. In his office he conducted and completed several architectural projects with different programs and dimensions. Between 2012 and 2014, he served on the board of directors of TMMMOB. Besides his professional works he has academic experiences. Between years 1993-1995 he taught some courses at Bilkent University, Department of Interior Architecture and Environmental Design and between 2014-2017 he taught at Department of Architecture in the same university as a part- time instructor. He is currently teaching at Middle East Technical University, Department of Architecture.
